You lot over there are doing really well at the moment. It would seem that ABC are re-screening the Dusty Little by Little series for those of you who missed it first time round, or those who just want to see it again.

You're welcome Clare and it really is worth watching. I've been lucky enough to get to see the series and I found the whole thing absolutely fascinating. To see a big show built from nothing to the opening night, with all the auditions, rehearsals, up and downs and backstage insights....plus plenty of Dusty content, it's just great.

Yeah i don't just want to see it coz of Dusty (well obviously that's the most important part) but i'm interested in the whole theatre thing anyway so it'll be good to see how a major musical gets put together

Thanks again Carole, i've already set my tape for tomorrow!!🙏

Oh, My Dear Aussie Sheilas

I have a question - was Dusty anything big there BEFORE the musical started touring OZ? My friend in Brisbane says "No" - but she never was a Dusty fan. So, maybe you could tell me about the Oz phenomenon... I'm curious.

She's all but forgotten here in the U.S. In fact, most people under 45 have never heard of her... or, if they have it's only because they remember WHIDTDT which they view as a Pet Shop Boys hit with some girl singing with them. They have no idea who was singing SOAPM in "Pulp Fiction" but they like the song... It's odd as hell.

So, did Dusty have any following under 45 in Oz BEFORE the show?

Love,
Ro

I don't even know if i can answer this coz im 17 but anyway... I never even knew who Dusty was before i got dragged along to the musical (ok so now i don't feel like i was dragged but at the time i did lol..)

Even now, i don't even hear much about her. I am a Dusty fan and i didn't even know half this stuff was being shown on TV!🙄 But i MAKE my friends listen to her songs, especially when they bum a lift off me in my car lol... and seriously, all of them know at least 3 songs of hers. I never knew any Dusty songs at all before i became a fan. My mates aren't even fans but they know songs like SOAPM, YDHTSYLM and IOWTBWY. Its amazing.. but yeah Dusty isn't huge here, no way. Thats why she has her dedicated fans here to bring everyones attention to Dusty!!

Omg!! Little by Little is the best EVER!! Omg, those 3 writers are my idols for the rest of my life. They waited for 2 years, just waiting around, to see if anyone would invest in their show. 2 whole years!! The were so dedicated and they wanted the Dusty musical to happen. And thank God it did! It was interesting not just because of Dusty, but to see how a musical is even made. And it was all done by Australians which is even better. I have so much respect for them and i am SO glad they got the money to put on the show!

Watching this made me wanna see the musical again! It so has to come to England, if it doesn't then they are crazy.

This was only the first show of 7 or 8 of the series and it was really good!! I can't wait till the rest are on🙏

Omg the second bit of the Little By Little series was on... it's so good!! It makes me love Dusty even more than what i already do.. and Tamsin Carroll is soooo good, she so cute hehe her hands were shaking the first time she got into her Dusty look.

And Dusty was on the Ovation Channel here today aswell!! She's going off down here!! It was things that you all would have seen before.. it was her performing at RAH and then they played the same stuff thats on the Reflections DVD.

I love Dusty!! 🙏🙏🙏

Pleased you remembered the second episode Clare 🎁 and that you're enjoying it so much, I did too. I was able to see the whole 8 shows in one go, it would drive me mad having to wait a week! Mind you, we did that for the Dusty TV shows back in the sixties, so what am I talking about 😊 And even though you'd seen the show on Ovation before, there'll be lots out there who hadn't, it could be their Dusty introduction.

Alright, episode recap #3 🤔

I didn't watch it on Friday coz i was working.. and i've only just watched the most recent episode then 😊 This one was when they were auditioning for the Young Dusty... I was on the edge of my seat even though i knew who got the part!! I know i always say it, but this series is so good. They give you such an insight into the making of a musical and its really interesting. I can't wait till you can all see it 🎁

Ok so part 4 was on today.. i taped it coz i was at work but i watched the last half at work. And omg, i was so shocked yet thrilled with what i heard. I ain't starting this debate again, i'm just telling you all what was said!!

They were talking about DWD and this is what Simon Bell said or something along these lines: "Vicki spent her whole life protecting Dusty then she felt the need to reveal everything about Dusty's personal life that Dusty never wanted to be revealed.

Australia
5805 Posts

And Pat said this: "I told Vicki to her face exactly what i thought of that book. I said it was a complete betrayal of a friend, i wasn't going to be a hypocrite."

That isnt exactly what they said but it was kinda along the lines of it. Anyway i was glad they showed this on the Little By Little series coz it shows who Dusty's real mates are and then it shows VW... Bless you Simon and Pat

I had a text a couple of hours back from Gemma who is still in Sydney, she and her boyfriend had just sat down to watch some TV and came upon Dusty at the RAH, she was thrilled. You're really getting your full dose of Dusty over there.

Are the same cast members gonna be in it?? It won't be good unless Tamsin Carroll, Glenn Butcher, Alexis Fishman and Trish Noble are in it.. but hey a Dusty musical is a Dusty musical it just won't be the best one if they change the cast members!

And the series really is worth watching, it convinced me that Tamsin Carroll could play Dusty, even for us Brits, if the musical does hit the West End. If the girls are offering to copy, or can find someone to do it, you're in for a treat.
