Hello everyone again. I've posted this topic so I can see what your all-time favourite Dusty Song is. They can be any song she has SUNG, be it covers, concerts, TV, etc.

For me, my favourite is probably the Look of Love. I have many other favourites, but this song has a certain romantic feel, and was also her first song I ever heard. She sings it with a soft, beautiful voice and really expresses herself. The saxophone solo also adds to the beauty of this song. For me it also has a special feel and I think it is the best version of the song there is.

"I've been arrested by you, take me in."

Hello

That's too difficult but for me probably So Much Love, Some of Your Lovin' and Up On The Roof get close.

You must be joking DustyDanny! Just ONE song! That's just mean, LOL! Maybe a top 20 or what about the top 10 I don't especially like that might the easiest route to take.

Danny - I tried to make a 'Dusty top ten' playlist on my iPod and it ended up having about 40 songs on it. The great thing about her music is that you can play an obscure song that you haven't heard for a while and hear it afresh. So my 'favourites' list is very much in flux, and seems to change on a daily basis! So I will be very strict with myself and pick 5 that are my all-time favourites...

Who Can I Turn To
I Don't Want To Hear It Anymore
I Close My Eyes and Count To Ten
Breakfast In Bed
Turn Me Around ('74 recording - I know, random!)

...and a few that I'm currently playing a lot:

Crumbs Off The Table (never played this much for years, but have suddenly realised I love it)
I've Been Wrong Before
Sandra
It's Over
plus the best tracks from Longing - Exclusively For Me, In The Winter, Beautiful Soul - all of which are really special to me.

So many favorites depending on my mood - but I always come back to 'If You Go Away'. Was one of the first Dusty songs that I heard and the emotion in it blew me away. Used to listen to music (background stuff) but this song has made me HEAR the music. Now I listen to everything. Another thanks to Dusty. 😊

This is an obviously impossible topic. Has anyone stuck to the one choice? One that sticks out for me, that I never zip by is See All Her Faces. The tone of Dusty's voice on this one gets me. I was intrigued by it when I first saw Definatly Dusty and really knew little about her.
