Hi ya all! I've been gone awhile. Hey Kathy, I owe you an e-mail. 😊

I haven't been online too much lately or just in a couple places and I had let my Dusty love start to slip. A few weeks ago I started watching a TV show called "Pushing Daisies" here in the States. If there is a thread somewhere about this, I apologize. I just wanted to say, that when I first heard that Kristen was being thought of to play Dusty, I was remembering her from "The West Wing" and I just couldn't see it. WELL, now everytime I see her on "PD" I see or think about Dusty. I'm convinced that she has that certain something, that look in the eyes, the small stature. Actually, she is too short, but they could hide that easier than having someone 5'8" play her.

Kristen can also sing extremely well. But, I will still want Dusty's voice. To me, none of it would make sense without her unique voice.

I know this is all for naught because it doesn't look like there is going to be a Dusty movie. I just hope that if there was one, they wouldn't wait too long and Kristen could play the part.

Happy Anniversary to LTD!! oh god, I'm so tired I can't spell anniversary..is that right? Anyway, hope you all are having fun and I should look into those T-shirts.

Robin

Please do Robin just contact Nancy and she will tell you what is available in sizes and colours. It's so great to hear from you again. 😊 You'll also want to catch up on the great Dusty at the BBC DVD which came out last month (finally). Everyone who has purchased it agrees it is great to watch Dusty on good quality film. Also Nancy will accept payment for either of the raffles currently on offer at LTD.

Hope you are feeling better. Take care.

xx Kathy

hi Robin...I haven't seen the tv show but I have seen the commercials...I agree that there is a resemblance between Kristen C. & Dusty..and think that her being short works well...it could be a good fit if written well/acted well... I also agree that I would have a problem with any other voice but Dusty's.

I actually thought when I saw her in that show..hmm , what's going on with the Dusty movie?

I have the feeling if it were going forward we would be hearing something about it. Maybe Dusty doesn't like the idea. LOL.

She might not be a big enough name for the bean counters in hollywood to take a chance on it. I personally would like to see Charlize Theron in the role.

☺ Seems a safe assumption that Kristin's Dusty biopic project has bit the dust (tee hee). Kristin did appear in several films in the recent past including the high profile flop Running With Scissors - I wonder if her film-making experience was less than felicitous & she's now disinclined to make any movie including the one she'd planned about Dusty.

BTW I happened to catch an episode of Til Death in which Joely Fisher did a lot of singing - perhaps it's not fair to judge her ability to sing Dusty's songbook on the basis of how she sounds playing a comic character but she seems like a full throttle vocalist who I can't imagine doing justice to Dusty's nuanced delivery. It's kind of a drag that all of the Dusty biopic projects seem to evaporate but as far as the one to star Ms Fisher perhaps it's for the best.

Thought I'd share this.

An interview with Kristin on youtube. <http://www.youtube.com/watch?v=Wrba-dLI31>

I got curious about the status of the movie and wrote to her fansite and got this answer:

Hey Nancy,
I have heard about that project but she hasn't talked about it for a while. I'm in no contact with Kristin so I don't really know anything more than what she talks about in interviews. She did mention it in an interview a few months back so I think it's still on. Hopefully we will know more later.

P.S. Posted some pics of Kristin on the Academy Awards thread, as she sang on the show last night.

To be honest, I don't care if it's never made, especially if they don't use Dusty's voice. Without HER voice, there's no story. I did hear a little snippet from someone who asked the question of VW and was told there was a film coming out next year, but then we've been hearing that for a while, so who knows. It's one thing to have someone else sing Dusty in a musical, as it's very passing, but in a film it's far more permanent and intense. And no disrespect to our American pals, but I would still like a British film with an English Actress. I don't ask much do I? 🙄

I didnt even know there was a film in the works...

I kind of feel the same way...if they cant get facts and the right kind of actress to play Dusty..they probably shouldnt make a movie...if they do it they better do it right.

But goodness!...it sure would be exciting! lol

I'd be thrilled for it to be a British film...why hasn't there been one in the works? Hollywood abhors a vacuum...especially when filled with money. Although the rage is to have the actors do the singing, I certainly agree that with Dusty it must be Dusty's voice.

I'd really like a (great) film to be made because I think it would turn more people on to DUSTY's music.

😊 Well I don't think the projected Michelle Collins Brit-TV biopic has ever been officially canceled - mind you I don't think the Joely Fisher US-TV biopic project was ever officially canceled. But an online Daily Mail article from May '04 contains the intriguing statement that Ms Collins "has the rights" to Dusty's story.
