I know most of you have already seen the 2 videos of Dusty from the 1972 Grammys but it's worth a look for any newbie (like myself) to check them out. Dusty is accepting an award for the group America (which was actually a London based group) and presenting with Johnny Mathis. She looks very natural and shows her sense of humor, wit and personality. Sorry, not savvy enough to post them.

someone laughed immediately after she said this. I think it was Andy Williams. He had a big smile on his face when the camera went on him. He was probably the only one who got it! lol!
