Dusty demonstrates perfect form as judges look on. She knows she's got this.

Kristin-- this is my favorite and the best of the bunch! 🤔 Dusty at her height of the sport, in perfect form! She would've won the gold for this one alone. Shame that persistent old abrasion

injury forced her into early retirement at the top of her game, her later comeback, while respectable, never had that same youthful insouciance! 🤔🤔

I think it's partly the look of concentration in that one, Connie. I can't stop looking at all of these WHILE listening to the song. Pretty sure Diane never thought we'd arrive at THIS point when she said "use your imagination". 🤔🤔 I'm definitely not blushing anymore... just picturing Dusty singing this song to a whale and cracking up every time it gets to that line. God, I sure hope Dusty is, too. (Look, if you're gonna sing lyrics all slurry on purpose, this is what you get.) I've no doubt she's rolling her eyes. 🤔

I just remembered there was originally a whole thread dedicated to this song:
[viewtopic.php?f=8&t=1446](http://www.dustyspringfield.org.uk/forum/viewtopic.php?f=8&t=1446) (<http://www.dustyspringfield.org.uk/forum/viewtopic.php?f=8&t=1446>)

But we can't move all these comments over there, can we?

They're awesome, Kristin. 🤔 You've really captured the spirit of the sport. Have you thought about photographing W.A.S professionally? 🤔🤔🤔

Okay, I have a proper on topic question! 🤔🤔

What does Dusty say before: "...you leave me standing still" in Comin' and Goin'? (at least, I think that's the line) There's one word that I can't make out. 🤔

" Baby, baby, now face to face, it's too good to believe it,
Sure enough you leave me standing still. "

This is quite a good Lyric site Zoey, I didn't spot any errors anyway, but STILL no lyrics to *I Wanna Control You* 😏🤔 <http://www.lyricsfreak.com/> (<http://www.lyricsfreak.com/>)

Connie, that is breathtakingly majestic. And it made me laugh. Nice job. :D !!!!

No new pics from me, but I managed to (briefly) incorporate our aquatic friends in a megamix. I already posted links to an earlier "audio collage" on another thread, but this is the FINAL final draft. Promise. There's so much material crammed into it though that some of the quotes can be hard to understand over the music. I feel like I can't catch everything until the 3rd time I play it in a row and I've been listening to it all day! So I hope I'm not the only one who can tell what she's saying.

Either way, you can't miss the laughter. And that's the point. "No woeful whales", indeed!

Question ? On the You Tube clip of "Chuckles" is a "transcript" which is unbelievable as Dusty's diction is so good.

Now what would transcript make of I wanna control you ? Maybe it will solve the problem.

This isn't a misheard lyric, it's an utterance from our Dusty that i'm she would have rather we all forgot 🤔👂

Poor womans eyes nearly popped out of her skull when she realised 🤔👂👂

Re: Misheard Dusty Lyrics (#p130109)

Pat, YouTube's automatic translation of my video was AWFUL. Like 99% wrong. So I've updated the closed caption file myself, and every word (except the actual lyrics) is subtitled now. Hopefully that clarity adds to the enjoyment.

(I also wanted to say that my obvious splicing of quotes all out of context is meant in good fun and done with love. I purposely tried to acknowledge it by including the clip "I'm the most misquoted & misunderstood person I know" in this mix - twice. As always, I recognize that my revamping history can walk a fine line... so *just in case*... I sincerely hope nobody takes it the wrong way. So far, all the feedback has been positive - thanks to everyone for the encouragement!)

Kristin the translations on clips are dreadful, I did it on my audio "Polari" thread clip and its absolute rubbish . Mind you defining Polari is something else!.
No offence taken over "Chuckles", as I call it, just great fun and I think Dusty would love it.

Re: Misheard Dusty Lyrics (#p130119)by **oboe93** » Fri Aug 23, 2013 9:20 am

They just *happened* to be the majority of quotes I could find with laughter during/after! Sure, there are a mix of themes, but I only recognized the fair amount of "sleaze factor" after all was put together in segments. Of course, she WAS laughing through it all, so I figured that made it okay.

"Ohhh! I thought you were gonna throw a cake at me!" is my new favorite soundbite. EVER. From anyone. It was taken from that Australian interview where she announces her phony engagement to "a... a Toronto musician. You wouldn't know him." Then she says it right as they surprise her with congratulatory flowers. That part always made me kind of sad, but the cake quote is friggin' amazing. *Especially* given her love of chocolate cake. 😊

Ok that's all I'll say about that. I loved that Polari clip - I was cracking up all the way through. 🍻🍻

(Chip Taylor)

We acted like children
Now, don't tell me that you're sorry
Darling, I'm as much to blame as anyone
It's over and done
Baby, I'm so glad to have you home
Welcome home, my baby
Welcome home, my baby

And this time we'll make it
We'll give a love as well as take it
We'll let pride be something we have in our love
Not just in ourselves
Baby, it's so good to have you home
Welcome home, my baby
Welcome home, my baby

Into my arms
Into my heart
Into my life
Into my life
Forever

'Cause we acted just like children
Baby, forgive me
I said I'm sorry
I know I acted like a fool
Baby, baby, baby please don't take it out on me
Ooh, ooh
Baby, baby

Breakfast in Bed, one of my favourite Dusty songs, last line of fifth verse
I always thought she sang Hey Charlie.

When I'm playing that track and singing along with it, even though I know
its Hey Child, I still sing Hey Charlie.

Thought it was that for years until I got hold of the lyrics.

Anyone else misheard this one? Or has this one been mentioned before

Why who knows? 🤔🤔

I have a feeling the reception Dusty got in South Africa would've been a cakewalk compared to a tour of Pakistan... 🤔
