...I decided to take advantage of the fact that I own a MAC, now after 2+ years, and tried using iMovie for the first time... It was rather confusing at first, but I think with time it will be much easier....

So, I threw together a rather unimpressive collage of photos + 'Goin' Back' in the backdrop...

So, there you have it....

Amazing how off-kilter the photos/music become when compressed to upload...

Great job, Michael.Not unimpressive at all! I think you a lot of the best pics of Dusty....better than other Dusty tributes that I have seen.

Michael

That was a beautiful tribute to Dusty, I was immensely touched. I usually try to avoid all things sad like funerals etc, but it was tastefully done and you picked just the right song and pics. I gave it a five star. Thanks again.
