Heres the scenario: you are on a tv show such as who wants to be a millionaire/mastermind etc etc. It gets to the bit between rounds/questions and the host chats to you for a few minutes about yourself. He asks the question " So, what is it exactly that makes Dusty Springfield so special to you?"

In about 50 words, what would your answer be?

Neil 😊

Well in those 50 words (about 2 sentences) Neil, I would have to mention her magical voice including clarity, phrasing etc. That she was a pioneer in soul music and her down to earth, fun loving personality. All that would use up the word count for sure 😊

xx

Well since I wouldn't be able to cut it down to just 50 words ... that host better be prepared for a long show with interruptions 🤖

'Her beautiful emotional voice and the exquisiteness of her best performances including her albums and live TV recordings. She produced and had control of her music when that was unheard of. She led the way. She was a musical genius and, on top of that, a lovely person too.'

But that could be narrowed down to three words 'Her Incredible Voice'.

"Dusty Springfield was a NATURAL in every sense of the word. She was YOU and she was ME. Never once was she anything other than who she was. The smile was REAL. Her genius, she kept in check. Her heart was so true, that you didn't have to know her, to know her."

53 words, sorry 🙄

People who love Dusty shouldn't have to explain why - the magic is obvious. 😊 It's those that DON'T like her that have a lot of explaining to do. 😞

Ok here goes - The star quality that reaches out like a beacon - her fragility and engaging warmth, her honesty and courage the way she took over a stage and made it hers but mostly her ethereal vapour-like voice.

Dusty has an immediate emotional impact which is like a freight train hitting your soul; that voice and those lyrics are like a punch to the chest, leaving you winded in the most wonderful way, leaving you wanting more. Dusty is a singular rose in a garden filled with weeds.

There ya go. Fifty words :)

I would say that she was the most underrated singer ever. Her talent surpasses none. When you see her perform live, there is "magic" in the air, something you have to experience for yourself to completely understand.

Mary, I've viewed the video of your meeting with Dusty. You both look lovely in the film. Dusty's "down to earth" personality has always been what draws me to her. I noticed how natural the encounter was between you and her. There's no doubt that she was very sincere and, that she was just as happy to meet you as you were to meet her. That sentiment is so clear in your video.

.....and my beautiful soul is weeping. xo

Love,
Leigh
