AL once served me in a London cafe - the name of which escapes me.

I like the look she is working. She talks about Dusty here - says nothing new - but I was pleased she likes her... ( I am easily pleased today..)

Did Dusty have any input in that track Walking My Cat Named Dog?

No I don't think so, Ruth. I think Norma and Dusty first met when Norma was making a TV appearance promoting her single.

I enjoyed reading the interview and AL said some nice things, but always want to correct any errors! Dusty definitely didn't have anything to do with Walking My Cat Named Dog, Norma had the hit and was over here promoting it when she met Dusty. And although the Springfields did precede the Beatles in America, it was only by a year.

I enjoyed that interview, thanks Tim! I might want to quote it in one of my papers!
