I LOVE THIS SHOW SO MUCH!! Ive watched it 4 times now 😊

I had a few questions I was hoping you'd all be able to answer:

1. Carole G. - are you in this?! Like at the start when the camera pans over a line of people for that Dusty show in the cinema or something?
2. Does anyone have a photo of Helene Sellery at the time Dusty was really close with her? Sorry - I dont know why I want it...I just do 😊😊
3. Throughout the documentary, they panned over alot of newspaper articles about all sorts of things (trouble maker, sexuality etc..) and some of them seemed really good. Does anyone have them and would they be able to post them here? Pretty please?
4. Who were the two ladies that were interviewed and were commenting on Dusty? I knew who all the other people were, just not those two! One had a white USA sweater on and the other one kind of reminded me of Norma Tenega, except she had a pretty thick American accent. She was in an art studio or something?

Im sure I'll think of more lol!!

CHAT TONIGHT - DONT FORGET!!!

Love,

To question 1, yes I was 😊 There was a picture of Helene in DWD but Fred

Perry commenting on the book said he didn't know who it was but it wasn't her! I'll post it later.

The two ladies you saw are definitely Norma Tanega, who IS American, hence the accent, and Lee Everett who was a friend of Dusty's back in the sixties and returned later in her life. She took Nicholas the cat in after Dusty died.

I do have cuttings but trying to scan them isn't always successful. With a little more time, I'll see if any are clear enough.

Btw Mads, did you know that the clips of Dusty walking and running (and tap dancing 😊) through a park by water were actually shot in Sydney?

Haha I didnt know that they might have been!! Im gonna go watch it again, but thinking about it, it looks like the Botanical Gardens which is right on Darling Harbour (the water under the bridge 😊) so Im pretty sure it was!

How cute was that clip though?!

I watched it this morning 😊 It was really good, some of the stuff was in the Biography Channel documentary but not all of it. I LOVED the bit how she was doing a lil dance in the park.. sweet.

Hey Carole you're famous now, you got on TV 😊😬

I'm a fan of this documentary, and am still wanting to see the 10 minutes or so of it that was cut out for its airing on the American Ovation Channel.

I've already cited it in one of my Dusty papers, and I'm using it in another one I'm writing today. In fact, I May need to watch it one more time to make sure I get my quotations correct.

Cheers, to Dusty!
