I just noticed this on ebay and was wondering if anyone has heard anything about Mickey Dean having clothing of Dusty's or other people's. Just wondering if anyone has authentic or any other comment.

Where am I going?

I am not sure if it is the same seller, but believe it is. For the past few months someone has advertised several articles of clothing on ebay claiming to be owned by Dusty with certificate of authenticity. I could type up a certificate too if I wanted to! Several of us have posted comments from time to time, none of us have EVER seen Dusty wear clothing that were on ebay.

Just my personal opinion, I can't see Dusty wearing that skirt as posted above. of course I could be wrong as I certainly did not know her entire wardrobe.

It looks like something Dusty might wear in the early 60's....I can picture her in it with some kind of top that would match nicely.....if anyone knows what Dusty's size was in the sixties....you could ask what size the skirt is.

Ok everyone start looking through your pics of Dusty! lol

I guess that when Dusty lived in the States for all that time, she had many outfits we never saw. This skirt is being sold from the States, maybe it was something she wore once and gave away!

Thank you Nancy for the link. Its possible I guess, but its not one I'd associate with Dusty.

Now that would have been a very very wise choice. I just can't see Dusty wearing something that unglamorous!
