Frank Allan of The Searchers has written a new book on the group, entitled "The Searchers And Me - A History Of The Legendary Sixties Hitmakers".

Described by the publishers as 'the definitive biography', Fank Allan notes on the official Searchers website -

"I devoted an entire chapter to my friendship with Dusty Springfield and managed to remember a few more stories and anecdotes than came to mind when I was putting together Travelling Man."

Full details on how to purchase the book can be found at The Searchers website -

I love Dusty anecdotes, I'm going to have to get the book 😊 The Searchers were my favourite British group in the 60's, so it won't be a hardship. Frank is also on the Just Dusty dvd as a 'talking head'.

Yes, I read that on the site. It'll be interesting to say what he has to say about Dusty, especially as there will be an entire chapter.

Where am I going?

I remember listening to an interview with Frankie Allen when his book Travellin' Man was published.

He had quite a few stories(anecdotes) regarding Dusty which didn't appear in the book.

He did say though that he'd contacted Dusty and asked her if it was okay for him to relate the stories that did appear..

Her reply to him was "Publish and be damned!".. 🙄🙄

Which I thought was a very 'Dusty-like amusing response.

He was obviously extremely fond of Dusty, So I have no doubt that the extra stuff he relates in the new book will do nothing to sully her memory 😊

He also spoke from the stage at the luncheon after the plaque was put on Aubrey Walk. He called Pat, Pat Barnett, I remember that, and talked about the very large bath and the parties at Aubrey Walk 😊
