Hi Bobbie - welcome!

I guess you've seen Dusty 'au naturel' singing 'Sandra' in the America thread (1st post). Thanks for reviving the thread - I read through it tonight because of you.

Check 'Some Dusty Photos' - this humble title covers a great archive of images including Dusty without hair paraphernalia and she looks great. It may take a little while to find them but all the images are great (some are very rare) - it's a great thread.

Bobbie, I am not sure of the exact date but..I think you'll find that Dusty stopped wearing wigs/pieces in the years after the 1960's. Though continued coloring and teasing until the end. 😊

I always assumed that it was all her hair after the 80s but Simon told me that some of what looked natural was not always, and that her hair had been damaged by years of coloring, ridding, etc. Also, Tim's friend who was at Dusty Day--Stephen the wigmaker--said to me if you can't tell it's a wig, that means it's a good wig.

So, maybe there's more mystery here than we think.

I also think there are some 60s picks with just Dusty's hair, though,

and certainly the one in our banner from her at Pat's wedding is one.
