..By 'mannerisms' I mean the li'l habits you notice her doing again and again...Both during interviews and performing.

I noticed from very early on that Dusty had a habit of running her tongue along her front teeth, as if, at one time she'd unwittingly got a touch of lipstick on her front tooth and maybe no-one told her!..

This could also have been a reaction to a dry mouth, down to nerves of course.

Who hasn't suffered a dry mouth at some point?..

She also had a habit of running her finger underneath her eyes, (particularly noticeable in the 'Lose Again' RAH performance) I presume to remove any 'stray' mascara which may have run because of perspiration or maybe li'l tears?..

Anyway, as these things are such a 'part' of Dusty, I wondered if you'd like to comment.

Apart from a habit of clearing her throat when she was nervous I can't think of any.

of any.

I don't remember her doing that...maybe that's where I get my subconscious habit of clearing my throat the entire way through tests. 🤢

Any examples? 😊 😊

She seemed to pick up more mannerisms the older she got and I think a lot were because she was self-conscious on screen. She would use a finger and thumb to touch the corners of her mouth and developed a pout in the late 70's!

I always thought of that swipe of the finger beneath the eye bit as wiping off perspiration.

SAME THOUGHT I HAD NANCY.  
A LIGHT TOUCH OF HER HAIR AT THE FRONT TO TAKE AWAY STRANDS BEFORE STARTING ANOTHER SONG. 🤢  
ALWAYS LOOKING UP AT THE PEOPLE AT THE VERY TOP ROWS AS SHE SINGS. 🤢

Yeah, they're the two I immediately thought of! And of course running her fingers through her hair and playing with her nails.

I just love the song she sang at the RAH ....'Lose Again', followed by another of my favourites 'All I See Is You'. I play that particular DVD over and over. Yes, at the time she did seem to be having some difficulty round her mouth and eyes. Guess it's hot work up there in the lights, and dancing around.

I thought that she blinked a lot during interviews, which looked quite sweet really. I expect that it was because some eyeliner got in her eye at times. I have definitely felt that from time to time...

Dusty was certainly very uncomfortable during interviews, and I really feel for her when I see one. No doubt she was anxious regarding personal questions. I think it is very intrusive to ask such questions; then who would not be uncomfortable? She seemed more at ease once the subject changed to animals and amusing situations she had experienced.
