What shade of red was it when she was an adult? It looks rather dark in some of the Springfields pictures. And how freckled was she?

Does anyone know of any comments Dusty made about her red hair? (ATM I'm only recalling her conversation with Dame Edna, when she talked about her long ringlets.)

Well it's all right to go on and live your life, so come out into the light....

In the first pic that I posted on See All Her Faces, Dusty had just come back from holiday and I can vouch for the fact that she had freckles 😊 It was something that registered with me that day and I've always remembered it. She had the 'eyes' on but very little foundation, she was quite tanned. As for the adult red hair....did anyone ever see it? I certainly haven't ever seen any pictures.

Hiya Folks 🙏

This sounds like my kinda thread 🤔

The only photo I've seen of Dusty with red hair is this one:

Looks pretty red to me!! I'd say that's not her natural colour though, I think it was quite dark.

Love,

the redhead 😊

There are pictures of Dusty with the Springfields where her hair is red. The Springfields story double LP has a picture of her on the front with red (natural I think) hair. You could try Google Images and find it. (You probably have already, though)

Yes, you're right Jonathan, I'll try and scan that photo. I was really meaning I'd never seen her 'red' after the Springs early days. The pic Mads has posted always confuses me slightly as I have similar one's taken at more or less the same time and she's definitely blonde. I wonder if it could be strange lighting or even, heaven forbid, a wig 😊

Hi Carole, I don't think she went red again after she left the Springs, but of course there was that strange appearance when she did TOTP in a red wig! On

reflection, I think it was her sense of humour as the song was Am I the Same Girl!!

Off topic, but regarding her sense her humour, has anyone noticed Dusty in the Tom Jones show where she is singing Upside Down and she gets to the line "Inside out"...she turns her jacket inside out?? I thought it was very funny.

This IS brilliant--thanks! Her hair looks to be sorta auburn. (And Carole G I was talking about before she went blonde.)

Mads, is this a similar colour to your red hair? And Janice, what do you say? Or are you a bit more blonde?

But back to Dusty---always---
any more colour pics of Dusty with natural red hair?

Was it red with the Lana Sisters?

SWEEEEEEEEEEEEEEEEET GEEEEEEEEEEEEZUS!!! It's the same colour as my natural colour - always hated being a redhead... took many steps along the way to change that. 😊

Well I have quite dark red hair now (I try to stay out of the sun so - stealing Dutsy's words here - so I dont end up like a handbag) but when I straighten it it goes quite light....Clare's seen it!!

Its a bit darker than Dusty's hair in the Springfields shot.

It changed colour over the years - as everyone's does.

80's....

She'd say it was a mousy brown-red....with various shades.

Of course, after a perm and dye job, sometimes a good lot of it would stay on the pillow after she got up.

But, that's another story!!!! 🙄

Clare that lady! OMG! Haha she had like chunks of her hair, alternating between hot pink and bright purple! And I guess it wasn't really a beehive, but it was long and standing like upright! Hehe it was funny because we were talking about Dusty and she walked past and we were like DUSTY'S FAVOURITE COLOURS!
