I'm still coming down from meeting such great Dusty people at Nancy's party last night. I can't sleep. I've got to get to Dusty Day by 12 o'clock. Oh my! Anyway...

Does anyone out there in LTD Land love this track as much as I do? I LOVE IT! I always have since the first time I heard it back in 1979 on record. I only saw the live performance last year. Look at those moves, listen to that Voice. Isn't she great? WHOOOOH! Oh Yes!

Thank you, Dusty! 😊😄😁

I'll really miss you at Dusty Day, Mary. But I'll be raising my glass to you more than once.

Memphis, I love this track, too! I first heard it on Simply...Dusty a few years back and have always loved the energy it packs in, although I could do with it being a bit more sassier....I don't know...maybe some more brass and strings? Even as is though, it's one of her most infectious songs- doesn't it just get stuck in your head so easily?
