Where am I going?

Just got this book and finished reading it. It is a short study of Dusty as a 'cultural icon'
I found it interesting, intelligent and thought-provoking .
I liked Laurence Cole's writing style and I think the book is well researched and referenced. Anyone else read it yet?

Glad to hear it, Clive. I am waiting for a review copy, after which I'll conduct an interview with Mr Cole. His publisher is also donating three copies of the book for us to sell for our Dusty charities.

I've just finished reading mine, and found it 'interesting'. It's different to the other books as it sometimes goes into great detail on the subject...and it misses other important things completely!
I found it a bit dis-jointed, but still enjoyable.

Nancy, I collected the three books from the post office today. Awaiting instructions on what to do with them!
