Does anyone know (Carole?) if Dusty had a lady who 'did' for her, especially when she lived at Frogmill or Little Hill ?

Somehow I cannot picture Dusty with a Dyson, furniture polish or pink rubber gloves!

In Sharon Davis book a " Eileen Hurley" (maybe alias to protect her) is mentioned . She was a housekeeper for Dusty at "Little Hill". Not sure if she lived in or came from Hurley nearby. She may have previously worked for Dusty at "Frogmill" as well.

Although she had Eileen Hurley, at the end, Dusty loved to clean. Apparently she found it relaxing so "pink rubber gloves" were probably part of her wardrobe.

As for a Dyson let us not forget she once vacuumed a stage when she lost her voice during a performance 😊

Eileen was her real name, not an alias, as that's what Pat and Simon call her.

😊 And there were cats!

Dust cleaned up after them as well at the Animal's Way Station. 🐾
