I'm always coming across strange things whilst looking for regular stuff and this popped up. Dusty on the cover of a CD by The long Blondes.....whoever they are! And strange that one of the pics should be the exact one that Corinna posted on the caption thread earlier today.

Any more sightings of this advert? And verdict on their music?

I changed the link on my first post as that one had changed to an album cover. Dusty featured on their single, which judging by the number of copies I saw in HMV on the day it was released, was expected to be a biggish seller.

oh, i forgot to tell you - on the back of the 7" singles, it says:

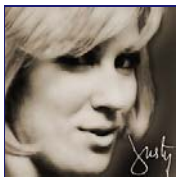

*"you don't have to say you love me just because you can.
you don't have to stay forever, i've got other things to do.
dine out on it or keep it to yourself, just remember: try everything once."*

I think the girl definitely has a Dusty look, that shy smile...
