Oh WOW is all I can say to that middle photo--which is from Hippodrome. Makes you realize for one thing how seldom we see photos of Dusty in profile!

And that pink eye shadow and pink rinse on the hair...WOW.

And serious blush! (I've noticed that in other pics as well.)

What do other people think of these pics?!?!?

Well it's all right to go on and live your life, so come out into the light....

All I can say about the Hippodrome pic is that I think she looks stunning under the make-up! It's the eyes really, they were SO not a good look and by the time she met up with the PSB's, they were more like we were used to.

Well, okay the pink eyeshadow is OTT, but the eyes themselves still look purdy, as does her mouth and nose. And as usual, it looks like somebody

worked a long time to get her hair just right.

Don't normally dig this era but she does actually look stunning and really cute in that profile pic. I LOVE it. She looks really beautiful, the eyes look great...
