I never said that! 😬 How would I know? YOU said you didn't have much in the DVD line (I think!) Those LP's look in better condition than mine 😊

No me neither. It's odd that, she probably loved covering up half her face. Maybe she took the sweater off and put on the blue denim like in Clive's avatar. There are quite a few of those around and I think it's feasible they could have come from the same session.

Isn't there one like that but with a red jumper?
