Something that is rarely touched on but I think an important accompaniment to her huge musical talent was Dusty's AMAZING and beautiful face! 😊

I know we all think she was gorgeous 😊 but have you ever stopped to marvel at her capacity to be photographed in so many iconic poses, all so different from each other.

Looking through her changing images is such a great pleasure, and finding a new photo is a particular thrill I never tire of!

I wonder why she draws me in like she does?!

Exactly, Tim.

When I first fell big time for Dusty a few years ago I couldn't get over "all her faces" and it's still the same.

I love her photos. But I'll always go for the Anne Murray shot. Teda
