Does anyone else think that the instrumental introduction to Dusty's version of the old song, 'Time After Time' and 'Who Can I Turn To?' are weirdly similar?

Or is it just me?...  
Please be kind.. Don't mock the afflicted.. 😬 😊

When she sang Time After Time on her bbc series she fooled everyone into thinking she was about to sing Who Can I Turn To? by using an identical intro!!

Trek.  
often called Carole.

Oh yes, I'm fooled by that too. There's another song where I usually mix up the intro... must think which one... 😬

Yes very much so. I'm quite good at naming songs from the first couple of notes, especially Dusty and music from the 60's and 70's, but that one always gets me!

This only happens on the live recording of Time After Time though. The intro on the studio recording that she made around the time of Where Am I Going?, is totally different. I think Dusty was having fun on her TV show 😊

I do wonder why she only seems to have sung "Who Can I Turn To?" live once. It's definitely one of her top five powerhouse performances..I wish it had been a single.

I agree Taylor. It's always been one of Dusty's most under-rated songs. She sure does nail it!
