5 Classic Albums (#p179512)

by **countrycake** » Mon Dec 14, 2015 1:58 pm

On February 19 Universal's Spectrum label is releasing a Dusty CD boxed set under the title 5 Classic Albums. I have managed to find two sites where it is available for pre-order, but neither site has any artwork or details as to which albums are in the set.

Amazon UK has priced it at £14.99:

Townsend Records in Lancashire has priced it at £11.99:

But there are no details for the set (that I can see)... Is ordering some kind of Pavlovian response?

It will be interesting to see what the 5 are.

I suppose we all have differing ideas of what we would like them to be.

My personal choice would be...

A Girl Called Dusty

E C U D

White Heat

Beautiful Soul

Dusty in Memphis

Great choice Trek, I doubt that the album will include WH or BS as their current prices are £36 and £45. I may be wrong, we will have to wait and see.

I rather suspect that it will simply be Dusty's first five albums, ie

AGCD

ECUD

WAIG
DD
DIM

Re my posting above, I was only slightly out in forecasting what the five albums would be.

They are:

AGCD
ECUD
DD
DIM
FDWL

There are no bonus tracks. Each album's tracklisting is as originally released.
