are more Dusty releases on the way? (#p146372)

by **Clive** » Tue Feb 18, 2014 9:01 am

This website which looks at news and reviews about catalogue releases , mentions the Dusty Starbucks CD in passing but goes on to say

"watch this space for our all-Dusty special coming soon touching on four new releases from the late soul queen!"

Can't wait to find out what the four releases might be.

Oh! The Suspense- could be four re-issues or four Rarities CDs with unreleased material. 🙌 Thanks Clive. 😊

..Or it could be The Springfields 're-issues' ?

I bet whatever there is - there will be nothing new 🙄

I did hear that there was a possibility of a new release in the States, not sure if this is it though. I'd love it to be something not yet released but apart from alternate takes, don't know what that could be.

Poor Dusty's ashes will probably be shaking up the grave if they issue "alternate takes". From what I've read, she hated that. I know we love it, (myself included) but she considered them less than perfect.

Here are a few friendly suggestions for "bonus" material on an upcoming Dusty product 🍷

"House of the Rising Sun" [BBC Radio audio recording; omitted from Complete BBC Session CD]

"I Will Wait for Love" [opening and closing versions]

"Six Million Dollar Man" [audio master tapes reported missing but video masters could be copied and edited]

"I Don't Want to Hear It Anymore" ['Love and Money' Version]

"Will You Still Love Me Tomorrow" [Joel Dorn Version]

"All You Need Is Love" [1989 Japanese commercial]

"I've Loved You Somewhere Before" [White Heat outtake]

"Learn to Say Goodbye" ["Say Goodbye, Maggie Cole" version | alternate take]

"I Just Wanna Be There" [alternate take]

"Tupelo Honey" [alternate take]

"I'm Gonna Leave You" [Demo]

"Affection" [Demo]

"Midnight Sounds" [Demo] [previously-issued charity single; not yet included on album or compilation]

"The Other Side of Life" [B.J. Thomas "duet" version]

"Something for Nothing" [Dusty vs. MFSB version with Dusty's vocal synced to MFSB orchestration as suggested by Paul Howes in the Dusty "Bible"]

all the collaborations, skits, et al from her BBC series that were omitted from her Live At The BBC DVD and Goin' Back | Magic of Dusty boxed sets

Dusty's appearances on various television programmes such as Cilla, It's Lulu, Tom Jones, Andy Williams, Bobby Darin, Dinah Shore, Ed Sullivan, Tonight Show, etc. (BBC, ITV, NBC, etc.)

Remastered audio-only performances from her "missing" series [e.g. the Decidedly Dusty performances that were included on the Goin' Back boxed set]

A cappella and/or instrumental versions of Dusty songs

Any others?

Kyle, I know the songs I've listed above haven't been "released" in any official capacity, except for Midnight Sounds...but I do have them. Do you, as well?

Also, I'd LOVE to see "I Just Wanna Be There"'s alternate take released. It's my absolute favorite from 'Cameo'. Didn't the 'bible' say that there was an alternate mix that was earmarked for future release?

Hello 😊

I don't believe I have any of these except for the Six Million Dollar Man audio that I extracted from the official DVD. I'd love to find HQ versions (or any version, really) of these tracks.

You are right regarding an alternate take of "I Just Wanna Be There". "Tupelo Honey" exists in

alternate form as well. If they are earmarked for future release then I hope they will see the light of day sooner than later 🎵
