I accidently surfed into this on You Tube. Has anyone ever seen it before? It's a first for me.

Whaaaat! Never seen this before! It's a version I haven't heard before (not that that means anything). Dusty sings differently, wonder what version this is? Also, the instrumental part has been largely edited to fit in the 1 min. time frame. Interesting!

Super to see and hear this!! I think this version is the original Casino Royale soundtrack version which was included in the Burt Bacharach "Look of Love" double cd. It has been heavily edited to fit the timing of the ad! Great

Henry's right....it's the soundtrack version of 'Look of Love'. Quite different from the single version, and longer, too...there's a big instrumental section the last minute and a half or so, no vocals.

I wonder if it was shown anywhere other than Germany? I'm sure I've never seen it before....BMW and Dusty, two favourites in this house!
