Sharon Davis is a writer for Blues and Soul magazine and though I don't have the book (why didn't I remember that for my Christmas list!), I believe there's an interview with Dusty from 1990 in there. She's an excellent interviewer and a big Dusty fan. I can't find the interview right now, I'm not even sure I have it but I know I've read it, what I do have though is a really good tribute she wrote after Dusty died entitled 'So long it's been good to know ya'. It wont copy unfortunately as the page is black with white, very small writing.
