Corvette Summer (#p155822)

by **mikeh69** » Mon Jun 30, 2014 8:47 pm

I saw this in 1978 as a kid but watched it again like 35 years later. To my shock I hear Dusty the second the movie starts Give me the Night. I was just a bit emotional when I happened to hear her voice not expecting it. I had no idea it was the theme of the movie in 1978. I was like.... 9 🌹

It's a fun little movie (post-*Star Wars* Mark Hamill and pre-*Designing Women* Annie Potts).

But honestly, UA Records made a HUGE mistake with this. Instead of releasing and promoting a single from *It Begins Again* they hung that album out to dry and put all their chips behind "Give Me the Night".

The result? Without a single to introduce it to the public in the USA, *IBA* quickly disappeared, and "Give Me the Night" (honestly, a nice song but not a strong radio single) sank like a stone. 🙄
