...know according to the book how much Dusty's fee's were the Talk of the Town concerts in 1968? Also possibly how much she paid for the Aubrey Walk house?

Very random question i know but found a website that converts the monies and indices of anything between 1900-2007 into their worth in todays sterling. Always wondered how much Dusty would have had to roughly pay in today's money and its value etc

Hope everyones having a good week so far!

Neil 😊

Can't help you with fees Neil, but it sounds an interesting website you've found, could you provide a link pleas?

I've wondered how much an Airline ticket would have cost between London and New York in the 60's.....probably not as good a bargain as today!

Hi Neil, I read in a clipping called (Dusty Shopping Spree 11.05.68)That although Dusty did not say what she paid for her house, houses in the area sold between £20 - £40, 000 Pounds. in 1968. Hope it helps.

julie x 😊
