I pre-ordered it from Amazon last week. It will be something nice to look forward to.

I finished to watch the DVD. (Birthday gift a little bit earlier) 😊  
That's great, but very too short! If I remove the videos which is not Dusty, I obtain around 35 minutes.  
35 minutes. 😞 I hope the next DVDs will be longer. I wish other DVDs!

It's short but it's better than not having it at all, right, Samuel? 🍋

I know y'all must be dying to hear what the German commentator says at the beginning of the programme. Well, here it comes, really deep stuff..... 😊

Dusty Springfield was born under the sign of Aries at 12 o'clock in London, in latitude 0° 6 minutes West, in longitude 51° 31 minutes North. She calls herself Dusty since she grew up in one of these filthy back yard quarters of London. As long as she can remember, she thinks in music. Guitar and drums, she learned at age 11. With the Lana Sisters, a group of three girls, she had her first television appearance on the BBC. Thus began a series of successes. She is now a world star. She says that she prefers to sit around at home doing nothing.

Yes, of course.

Can you translate what Dusty said in German at the Gala, please? 🌹

Thanks for giving me an excuse to watch it again, Samuel! 🍷

After SOAPM, she says "Good evening, ladies and gentlemen, here's a song" and then she continues in English. Kudos for trying, though! 🍷👍

Thanks for that translation Cor! She grew up in a filthy back yard quarter in London 😬 I don't think Dusty's middle class upbringing in High Wycombe or Ealing could have been classed as that, how very odd! Samuel, the show we got was as long as it was, no cuts, and the reason the Gala songs were added was to try and fill the DVD out some more. The cost of getting rights to release these things is huge and I'd have been happy to have the show even without the

Gala extra's. Long is good, but sometimes short, sweet and rare is pretty good too 😊

On the Procul Harum website they have this link promoting the DID DVD, interestingly they confirm that Procul Harum wrote a song for Dusty in early 1967: 'Understandably Blue' (also known as 'I Realise') but she never recorded it .

thanks for that Clive! I wonder if they ever recorded it (or had someone else record it). Would be nice to listen and try to picture Dusty singing it... 🙌

somehow i never chimed in on this thread. 🤔

IMHO, "Love Power", ICMEACTT and the live bonus material ALONE make this worth the price of admission. This remains Curt's favorite Dusty DVD, which he refers to as "Dusty in the bubble". 😊

It's quite bizarre- the caterpillar things on "Just a Little Lovin'" completely bugged me out when i first watched. 🤢

But again, I can watch that "Love Power" clip all day long. 🍌

😊 Thinking the same thoughts Markus. If that P.H. song was recorded or released I want to hear it, and let Dusty take me away on my imagination. 😊

Wow - now there's a bit of German propaganda for you. No wonder they dropped all those bombs - they were just trying to clean the place up.

Oh My God am I late for discussion on this LOLL Dusty looked beautiful in this great release, and A Salty Dog by Procol Harum such a wonderful song. Some of it without her yuck. But I'm glad they released this. What else can I say. 😊

It's a shame they didn't issue an uncut version of the Just Dusty 1971 special on this DVD. We have bits and pieces on other products but not the start-to-finish special except on the out-of-print DSB VHS.
