heart and soul (#p2426)

by **Cardiff Bluesgirl** » Fri Jan 15, 2010 3:07 pm

I was just reading some info on this record and saw for the first time that Dusty was credited with "the mixing" of it, I don't think I knew this before, I am sure someone like Taylor would have, but he's vanished from here at the moment so in the meantime am I in the minority not knowing till now and if so how many more did she actually get her proper credit for 🤔

I guess Taylor's new job keeps him busy.

Hadn't known about the mixing credit before. Well, finally! 🤔

She did get credit for Once upon a time. which she wrote, you'll have to check out Paul Howes book, until Taylor reappears.

Haha... I didn't realize I'd been gone that long. Liz, she definitely was credited for mixing her duet with Cilla, along with the track's producer, Charlie Skarbeck. The only song Miss Dusty was ever credited with producing entirely by herself was 'I Wanna Control You'. Other than that, she's listed as the co-executive producer on the 'White Heat' album, associate producer on 'Living Without Your Love', associate producer on '...It Begins Again', co-executive producer on 'See All Her Faces', and has some production credit on 'Dusty...Definitely'.

Those are the OFFICIAL credits... I think most of us are aware she had a greater hand in producing her records from the very beginning, though she never did start receiving credit until 'Dusty...Definitely' came out.
