😊 I don't think this lady's been mentioned here before - Sharon Rowntree is a vocalist from Queensland who specializes in impersonating Pop music legends including Petula Clark, Connie Francis & Lulu. Dusty would seem to be a particular fave of Ms Rowntree's her current show **Dusty & Friends** being the successor to **Dusty & the Divas**. The website <http://sharonrowntree.com.au/> has some pix & video of Ms Rowntree in action if anyone's interested.

😞 Looks like a sharp gal with a tight act, but although the site says video preview, I clicked on everything in sight, and all I got was those promo pics. 😞

😊 Hmm...on the Pics & Video page there should be two Youtube videos near the top of the page to your right.
