dusty in memphis is soon to be featured on Roger Day evening show on BBc radio berkshire- i cant get the links to come up, but if you google "roger day evening show" you will find the links etc-- roger can also be found on face book "roger day evening show" join his facebook page and he'll send you a message every week with his list of interviews and features
- roger regularly features dusty in his show , if you enjoy sixties music then dont miss rogers show in the evenings between 7 and 10 UK time-- its the only thing that keeps me sane!--- must dash
