...tonight (Saturday 6th June), Dusty is the 'featured artist' on Smooth Radio from 6pm
No excuse for not listening..as there is nothing worth watching on tv !

I heard this earlier this week, as posted on a previous thread, however I thought it was Sunday, never mind. Not wishing to foretell the programme content, which will be over quite a long period, I am willing to bet that the songs will be from the listeners favourite 5 they voted on. IOWTBWY - YDHTSYLM - ICMEACTT - IJDKWTDWM - SOAPM. I think as Simon said, in his initial comment on the show, Radio stations play so few of her recordings.

I heard IJDKWTDWM, ICMEACTT, GOIN' BACK & SOYL...whether any more were played I'm not sure.....but they did miss a golden opportunity.....during the programme Anyone who had a heart by Cilla was played...it should have been Dusty !!
