Dusty may no longer be with us, but her memory, music and legacy live on. Particularly at the present time, it is astonishing how often she is mentioned in the media, from radio to television, from the stage to the news, in image, in word, in imitation and in comparison. Mindful of this, I thought it might be good to collate current news items on Dusty and concerning her, and those which refer to her.

'Her greatest musical influence was her mother, Tina Knowles, a one-time member of Sixties harmony group The Veltones. 'My mom used to play me all those old songs,' says Solange. 'I've always loved Dusty Springfield and Martha Reeves.'

So says Solange Knowles, little sister of Beyonce..

"Dusty Springfield - I Close My Eyes and Count To Ten. Dusty beginning to drift off that iconic 60s look (platinum bouffant and panda eyeshadow) by this performance, where she's gone for 'Georgian redhead'. In this week she'd climbed to no6. The next month Dusty went Stateside to record "Dusty in Memphis"."

Dusty mentioned in a Scottish personal blog from Dunfermline in Scotland, complete with video..

Echoes Of The Dusty Springfield Songbook' ..

"There are things that Dusty and I have in common, and as I was looking at the songs, there were more and more parallels that I could feel." The 18 songs track Springfield's career from an early 60s hit with her brother titled "Silver Threads and Golden Needles," through such chart-toppers as "You Don't Have to Say You Love Me" and "Son of a Preacher Man," to her career-resurrecting collaborations with the Pet Shop Boys in the 1990s."

Shelby Lynne brings her Dusty pop-soul roots to Burnaby..
"Lynne's records tend to be worlds unto themselves, but she really outdid herself on her latest LP, Just A Little Lovin', a tribute to the late British pop-soul singer Dusty Springfield. Covering songs by one of the most soulful singers in pop history is a daunting task, but Lynne succeeds by stripping the songs down and delivering them in a hushed, intimate manner.."

Isn't that wonderful - 20% chance that it will be a Dusty Springfield record. That's pretty high statistically. It get's better and better Will.

And a lovely recipe to go with SOAPM.

Wendy

Solange Knowles .. again!

"Solange said: "Through the process of this record I really started to listen to a lot of '60's and '70's music like 'The Supremes', 'The Marvelettes', 'Dusty Springfield', that music really had an impact on me. It felt so good and so happy; the chords and the piano-driven sound was such upbeat music.""

Soul legend Isaac Hayes dies..

"In 1970, Hayes released two albums, The Isaac Hayes Movement and To Be Continued. The former stuck to the four song template of his previous album. Jerry Butler's "I Stand Accused" begins with a trademark spoken word monologue, and Bacharach's "I Just Don't Know What to Do with Myself" is re-worked. The latter spawned the classic, "The Look Of Love," another Bacharach song transformed into an eleven-minute epic of lush orchestral rhythm (mid-way it breaks into a rhythm guitar jam for a couple of minutes before suddenly resuming the slow love song)... "Walk On By" would be the first of many times Hayes would take a Burt Bacharach standard, generally made famous as three minute pop songs by Dionne Warwick or Dusty Springfield, and transform it into an soulful, lengthy and almost gospel number."

Shout!

The first ever UK tour of Shout!, a groovy musical which takes you back to the fabulous, hazy days of the swinging 60's .. belting out classic, timeless hits including Downtown, Son Of A Preacher Man, I Only Wanna Be With You, To Sir With Love and These Boots Are Made For Walking. It is one fantastic soundtrack full of terrific pop songs which made big stars out of Cilla Black, Petula Clark, Lulu and Dusty Springfield..

Sharon Davis' soon-to-be-released-book gets some publicity:
This is the first book-length study of Dusty Springfield's contribution to popular culture in terms of race, gender or sexuality, and will appeal to both fans and readers with a general interest in popular music or cultural studies.

Well, Cor - I couldn't help notice that Dusty is *still* getting lots of media attention in one way and another.

I get the headlines on NetNewsWire, where I set up a search for Dusty-related news and blogs, and you'd be astonished how much comes through every single day; what I post is only a part of it. Some things are a mere mention, others are more substantial. If I had more available time, I'd post much more.

But at least in posting some of it, it keep us mindful of how much media attention our Dusty continues to attract and placing it here in a single thread builds up a reference file with links to the originating sites, so people can at least read any items that might interest them (or contribute their own discoveries).

Some guy I've never heard of talks about the recording of "Dusty In Memphis" and the legacy that astonishing album leaves behind.. Sometimes on a warm and balmy night, the prospect of a quiet evening in seems like just the thing. And on such a night, you could do worse than to find yourself spending it with the lovely Dusty Springfield and one of her astonishing albums; the particular album of choice for tonight is "Dusty In Memphis".

And talking of 'creating a buzz', Annie Randalls' forthcoming book is doing precisely that - the news lines are buzzing with talk of the book..

**From 'Showbiz Spy':
Dusty Springfield's Struggle With Her Sexuality Revealed In New Book
September 3 2008**

Soul singer DUSTY SPRINGFIELD used fame and religion as a cloak to hide her homosexuality for years, according a shocking new book about the star.

The 1960s icon - real name Mary Isabel Catherine Bernadette O'Brien - is revealed in forthcoming biography Dusty! Queen of the Postmods, telling the star's ongoing struggle with her sexuality. Author Annie Randall writes: "Catholicism was recruited to explain her reluctance to marry the rare man who might have been undaunted by her celebrity. Dusty (said), "You have to concentrate on marriage and I'm a Catholic and can't get divorced. I'm so self-centered."

The book is set to hit shelves in November (08).

And this..

Dusty Springfield was gay., reveals new book

New York, Sept 3 (ANI): Dusty Springfield kept her lesbianism under wraps by claiming that men were too 'daunted' by her success to wed, according to a book about the singer.

The tome, entitled 'Dusty! Queen of the Postmods,' is due to be out in November.

"Catholicism was recruited to explain her reluctance to marry the rare man who might have been undaunted by her celebrity," the New York Post quoted author Annie Randall, as stating.

And the worst tag-line of all, here -

Holy Excuses!

Singer Dusty Springfield used Catholicism to hide her lesbian ways, according to a new book, Dusty! Queen of the Postmods. Author Annie Randall writes: "Catholicism was recruited to explain her reluctance to marry the rare man who might have been undaunted by her celebrity. Dusty [said], "You have to concentrate on marriage and I'm a Catholic and can't get divorced. I'm so self-centered." [NY Post]

Its 2008, for goodness' sake! Being gay is not (shock horror!!) what it was once deemed to be.

So she was gay. Get over it.

Worse still, whoever wrote the piece for Showbiz Spy clearly has no idea of the purpose of an apostrophe..

Actually Will, isn't that apostrophe correct? It's showing possession, in this case, of her 'struggle' as the headline says. Otherwise, it would make her last name 'Springfields'.

No, it ought to read - "Dusty Springfields Struggle With her Sexuality" - to use the apostrophe as it is there is to use it as a contraction, as a shortened form of "Dusty Springfield is..", which doesn't make sense.

Thanks for the links to latest promo for the Annie's book. That's the obvious tired way books on Dusty will be promoted I suppose. I'd hoped for better. I'm still looking forward to reading Annie's book. I expect it to be excellent. It had better be!

I read your 'Memphis' article. It's great but you don't say what *you* think. Are you going to give us a review one day? I saw you picked up the album recently. 😊

I'd hoped for better too, Memphis - I expect Annie did too. And like you, I am very much looking forward to reading this particular book, especially as I got to chat with Annie at Dusty Day and she was really lovely and makes the book sound really fascinating. I only wish they had not coloured the beehive print - they did a hellish job of it!

And you are very observant... yes I did indeed get a copy of DIM recently. The funny thing is, as I was telling John earlier in the week, this is the only actual Dusty album that I own - I have a million songs in digital format (not literally, the real number is a little short of 500) and all the Dusty CDs I have were from Fraser which he kindly burned for me one night when trying to convert me to Dusty - he didn't have to try too hard lol. But since I have these, I have never had to buy an 'actual' album.

Then I saw DIM and couldn't resist... glad I did too, because you get a real flavour with the original track listing. As for what I think of it - in essence, fantastic album which deserves all the praise it has had heaped upon it. If I get a little time, I may even write a proper review of it - I had never thought to do that but you may just have planted a seed :)

Maybe British English grammar is a bit different is where we're not seeing eye to eye.. to me, "Dusty Springfields Struggle.." makes it look like her last name is 'Springfields' I've always understood one use of an apostrophe is to show possession, as in Dusty's music, or Dusty's award, etc. I'm sure you're right about 's also meaning "so-and-so is". In American grammar it's used both ways. what you *don't* use 's for is to make something plural, such as "I have two car's". Perhaps that's all it is, a simple vernacular/grammatical shift.

You know, it's funny but I was pondering this late last night and I have to say I'm now not so certain that I am correct; it depends on which rules you use.

You're absolutely right about the apostrophe being used to signify possession, but various rules say different things. I ended up going to the OED but that wasn't much use. A few American sites agreed with you, but they also posted rules of grammar which I know to be incorrect, so I wasn't convinced by those. Despite that, I may concede defeat here lol.

I also emailed one of my friends at work, who describes herself as the "apostrophe police" (!) but I await a reply as it was late when I emailed - I'll let you know what she says. A couple of days ago, she emailed me this, which I will send on to you and hope it gives you a chuckle ;)

I'll come in on the apostrophe query too.

I think if I was writing it, I would have put Dusty Springfield's struggle, as in the struggle belonging to Dusty (possession).

I'm no expert but I just stick to the rules acquired at school so very long ago. I find nowadays hardly any of kids know how to use it.

That is the correct use of the apostrophe in the US.

It's telling that they would pull out that quote from Annie's book above others. It's no news that Dusty was gay, and no surprise that her Catholic upbringing came in handy to cover for that fact before she came out (as bisexual).

That quote could also give the impression that her sexuality is the primary focus of the book which is untrue. And there is no mention of some of the new ideas and analysis Annie puts forth.

It's really annoying, actually. I doubt Annie herself would have been pleased with this, assuming she is even aware of it. And yes, it does give a misleading impression - which is, no doubt, the whole idea. And you have to laugh the way they announce it, as though this is the first revelation of this fact!

The Andy and Adrian blog gets militant.. devising a test to prove gayness, one of the questions in the music section relates to Dusty.. Are you sick of people threatening to take away your gay license? Well we are, so we've compiled The Official Gay License Test. If you pass, you can tell your friends that you are in fact a gay and they can't take it away from you (unless of course, you start sleeping with the opposite sex).

So grab a pen and paper and note your answers. The pass mark is 80% which means you can only get 10 wrong. Any more and you're not a bona-fide homo, just a faker.

Appears to be there, so maybe you should give it another shot.

thanks for finding all these, Will.

Is afterellen.com on your list?

-You thrill me with a holy kind of bliss. . . .So closer (closer)

Posted - 07/09/2008 : 17:05:04

Yes, my comment is there now :)

It isn't a list as such, Nancy - you can set up a search on NetNewsWire (or Google Alerts, as Carole mentioned earlier - it's essentially the same idea) and it brings all the stories to you, depending on what you are actually searching for. I have a search set for "Dusty Springfield" so anything appearing on the web with that phrase will get a mention in the listing that is sent to me. I don't refer to a large number of them as the mention is nothing more than that and of no consequence in terms of substantial Dusty references.

Will

Blog- <http://askyofhoney.com/>

Posted - 07/09/2008 : 18:45:50

I'd like to thank him for changing out the photos of Katy for ones of Dusty, but can't see that I can leave an additional comment. ☹

Yeah, I got that you were using a newsfeed, just didn't ask the right question, I guess. Since Dusty is coming up on gay male sites, wondering if she was coming up on sister sites, afterellen.com, for example.

Back onto the apostrophe question, I should have mentioned that I think it should be abolished. It is misused as often as it is used correctly, and has become sort of an appendix of English punctuation--be gone with it!

-You thrill me with a holy kind of bliss. . . .So closer (closer)

Posted - 07/09/2008 : 19:28:46

Well, Bosshe, as someone who has an apostrophe in his own name, let me assure you that it causes no end of bother; no official database, for example, can cope with one nor do they have any regard for one. I need to end up entering my name minus the apostrophe or else I don't get recognised - it's a real nuisance.

"Apparently"

Sharleen Spiteri had a career before her debut solo album, Melody, but I didn't know about it, so we'll start fresh. She likened her album to Dusty Springfield, which intrigued me. It is a nice homage with good timing (a friendlier version of Mark Ronson throwbacks). While it's not groundbreaking in concept, it's enjoyable in execution with songs spreading the range of 60's/70's country/soul. It may make you check out Dusty Springfield on your own, which is never a bad idea anyway.

Andrew Sullivan quotes Dusty in his quote for the day..

"It may be false. It may be true. But nothing has been proved,"

From Music News:

Singer-songwriter Ritchie Valens' "La Bamba" made it to No. 22 on the chart in 1959 .. Dusty Springfield also .. recorded the song..

An interesting musical with theatrical monologue based around Dusty's recording sessions with Jerry Wexler (if anyone goes to see this, please post)..

"Dusty Springfield. . . With You," The New Phoenix Theatre (95 Johnson Park); Sept. 19 through Oct. 11

This 90-minute original musical by New Phoenix Artistic Director Richard Lambert (who also directs) takes place during the final recording session of famed soul singer Dusty Springfield. Loraine O'Donnell stars as Springfield with Eric Rawski as famed producer Jerry Wexler, who died last month.

The author of Stupid And Contagious is very much a fan of our Dusty -

"You could hear just three notes and you knew it was Dusty. " - Burt Bacharach

We do like much of the supreme pop and blue-eyed soul belted out back in the day by Mary Isabel Catherine Bernadette O'Brien!.. Rather unsurprisingly, this great singer dropped those 32 names and replaced the lot with the simpler and more secular handle Dusty Springfield! A blog we really like, napolisemajmune, recently posted a slew of nice Dusty albums, including some rare stuff! Thanks very much man and keep up the great work!! Some amazing pop and soul music here from the blue-eyed soul Diva herself, always perfectly performed!

<http://stupidd.blogspot.com/2008/09/dusty-springfield-lotsa-great-albums.html>

Recommended.

This blog also has some great album covers on it.

Brandie's wake-up call..

I was going to put something else up this morning -- I had the entry all done. But I happened to come across this clip and I thought, "Woah!" We all know Dusty Springfield's "Son of a Preacher Man" and "Little by Little," but she blows away Rod Stewart and maybe, dare I say it, Marvin Gaye with her version of "Can I Get a Witness." And she's unbelievably cute. I had no idea she had this in her: Dusty Springfield gets down, for real, doing "Can I Get a Witness"

Dusty gets a mention on WizzKid's Marc Almond review..

Dusty Springfield's "I Close My Eyes And Count To Ten" is a much better attempt..

If you ever wondered if it was possible to combine the themes of Brokeback Mountain, 9/11 and our Dusty, you might be astonished to learn that "lesbian firebrand novelist" Sage Sweetwater has done just that, setting the whole thing to the tune of Son Of A Preacher Man, for which she thoughtfully provided new and, er, unusual lyrics..

Bobby John Jack
in the alley sittin'
hard in the cadillac,
Dusty Springfield
blastin' from the
leopard deck,
speakers in back,

the only boy who
could ever teach me
anything was the
son of a preacher man..
