Im sure many of you know who Gia Carangi is, the american fashion model who was big in the 80s? She was one of the first celebrities (especially female) to die of AIDS related complications.

Anyway! My point is, that I saw a couple of photos today and couldnt help thinking that she and Dusty look a little similiar.

I thought so, heres a few photos, dont be afraid to tell me I'm an idiot and to shut up though!

And one for comparison 😊

I think maybe its their eyes and lips 🤔

LOVE MADS.

No I agree with you Mads - there is a similarity indeed, and I think its in that almost 'haunted' look in those shots. Definitely the expression.
