Everyone probably already know this, but I found an Interview of Dusty from the Reputations video on Youtube.com. The link is as follows:

Dusty was in very good form here, would love to have seen more. Maybe if the *Reputation* videos ever get released on DVD we will get a full interview, I'm sure there must be more footage.

I'd love a deluxe edition of Reputation, with the full album, rarities and a DVD of the videos. Who knows, maybe someday :)

Yes this would be a great idea, it could also include the 12" mixes of some of the tracks which are hard to find.
