This crops up every now and then but I'm wondering if anyone knows of a place (uk), where I can pick up a Dusty toon. Dusty singing if possible or a good instrumental. I've heard some awful versions of her songs by unknown singers and other tinkling instrumentals that are hardly recognisable. I've lost the SOAPM tone that I've had for ages, it's just vanished from my phone and I haven't a clue why. I just paid a one off price for it, no monthly fees but I've spent ages looking for something similar without luck. My phone doesn't feel like my phone without Dusty!

Carole, I am obviously not from the UK, but did you check with the people where you bought your phone and/or your provider? That's what I did. I had to pay a for dollars for it. The only option they gave me was SOAPM, but it's Dusty :))

I have Dusty singing, 'IOWTBWY' and Dene got that from the address given by Cor from the, 'Live at the BBC' DVD. Sorry I don't have this to hand, but I recall you did try that before?

I find it hard to get a Dusty ringtone over here whether it be an instrumental or actual singing. I managed to get SOAPM, the actual song, but that's the only one available on my phone 🌐

Hope you can find one Carole 😊

Paging Will! If memory serves correctly, he knows how to get any song on as a ringtone.

You rang, m'lady? :) And yes I do - so long as the phone begins with "i" lol ..

Carole - what kind of phone do you have? Any idea what format the ringtones are in?

Thanks for the input everyone but can I just say one thing? Men! A couple of days back, Jeremy bought a gadget that, if you take the memory card out of my phone, and slip it into this little thing, it transfers pics from phone to computer. Great, but then the best move would be to put the memory card back in the right way round! Cas and I discovered this last night during an interval when I was trying to take a photo on my phone and it wouldn't store it. Up popped a little message saying "no memory card". Duh! Anyway, when that was sorted, back came my Son Of A Preacher Man 🙄
