Can you think of any film roles that would have suited Dusty?

She once mentioned that she might like to play Diane Ladd's type of roles ,anyone here a fan of Diane and can you think of which of her parts Dusty might have had in mind?

Diane Ladd is a quietly great actress and she's the mother of Laura Dern. She's a bit culty. She has edge. I've never seen her in an apple pie mainstream role. I think Dusty was being a bit ambitious but who knows, I think Dusty would have been a good and interesting actress based on the emotional effort and perfectionism that she put into her musical creations.

This link to Diane will make me watch a few of her movies just to see what Dusty was going on about. Thanks as usual, Clive for yet another Dusty nugget. 😊

I admit to having never heard of Diane Ladd.. 'til now. 😊

I always think of Dusty's acting roles being similar to Doris Days..

Or maybe Lucille Ball roles... Kinda classy, but cutesy at the same time!.. 🤔😂

Clearly, Dusty thought differently 🤔😂

I always thought Dusty would have done a fantastic job with the part of Sweet Charity. Just look at the way she nails the song "Where Am I Going".
