I don't always agree with everything he says but he always writes an interesting essay. If anyone can find parts 1 and 2, let me know!

Oh, right, I was thinking parts 1 and 2 were on Dusty as well but it doesn't look like it.

Thanks very much for Part 3. I really enjoyed reading this. Not sure about the honey bee thing re. Beautiful Soul but it is interesting to see more contextual information and more biographical detail creeping into reviews. Dusty is 'coming back' as a true and complex artist (the new books provide a good evidence based steer in this direction). Knowing more about her makes Dusty's music even more profound and arresting. I love these Popculture Cantina articles. And it's nice to see they find a lot in 'It Begins Again' to like including 'Checkmate' which Taylor likes a lot too. Their look at the 'Beautiful Soul' album could have been a bit more thorough but that's a small gripe.

I posted Parts 1 and 2 back in August. However, the links are now

changed and Part 1 (about the chopping up of Dusty's albums for the USA market) has disappeared but I assume it will be re-linked soon.

Part 2 is available. It's an important article about the Atlantic tracks. I posted a comment to this and the site has responded, in Part 3, with an overall positive look at 'Cameo' - one of my favourite Dusty albums.

Part 4. <http://popculturecantina.blogspot.com/2008/12/dusty-springfield-part-four.html>.

I very much enjoyed reading this last night. We get Living Without Your Love and A Very Fine Love in this link.

Don Charles has now reviewed all of Dusty's albums from Memphis onwards (apart, I think, from Reputation) and has commented on how the earlier USA albums were put together. I wonder if he ever comes by here. In any case, thanks very much Don Charles.

Thanks very much for the links Memphis, I haven't read them all yet, but now you've found them, I will! I don't know if he pops by here but I think he may have been a Bulletin member and he certainly contributes to Spectropop as I've seen his Dusty posts there in the past.
