I just spotted this on ebay and feel a bit skeptical about it, not that I'm bidding, but...

Here is the link:

http://cgi.ebay.com/SINGER-DUSTY-SPRINGFIELD-OWNED-COCKTAIL-GOWN\_W0QQitemZ120216797984QQihZ002QQcategoryZ60345QQssPageNameZWDVWQOrdZ1QQcmdZViewItem

Just curious to know if anyone has seen Dusty wear this gown? It doesn't look like her style to me. If I am wrong, my apologies.

Marty,
I am a little skeptical also. There are so many fakes being sold and with fake COA's. Interested to know if anyone had seen Dusty in this dress.

Nancy did the seller ever respond? I noted that the dress sold with one bid.

No, I didn't get a response which is interesting, because I asked them how they could verify the authenticity.

The Gown has certainly lasted well if it dates from the 60's, I'm a little sceptical about the authenticity too! 😬

Ah well, it's sold now, I just hope the new owner is very happy with it! 😬😬

Seems like if it were verified authentically as Dusty's it would have sold as more.

naaah, dusty never wore green, only in the mid-80s, that green suit type thing.

Matt.

Funny you should mention it Matt, I thought the same thing, I can't recall Dusty in green either and that was my immediate thought when I first saw this on ebay.

Yes she did Matt,

She wore a deep emerald green at the Hollywood Palace when she appeared there. Check out the clip of "I Don't Want to Hear it Anymore!". Mind you it wasn't that dress, or I would have been tempted to bid!

In my opinion, Dusty should have worn green more, it suited her! 😊

I completely agree with you Kathy, Dusty would have looked lovely in green. She certainly did not wear it very often, as I said I can't place her wearing it. Kathy where is this clip you speak of?

Marty it's on our website. Cor spent a lot of time uploading many UTube clip links onto our site for easy reference. Just click on "Let's Watch Dusty"-be patient while it loads as there are heaps of clips. The one I'm referring to is about 45 or 46th in the list. Dusty looks absolutely stunning in a deep emerald green gown and sings I Don't Wanna Hear it Anymore as only she can. 😊 Enjoy! While you are there, check out some of the other clips too!

Just want to comment that we did decide Dusty wore a dark emerald green gown, but it appears as if no one on this site knows of Dusty wearing mint or a pastel green gown (whatever you want to call the color) as the one auctioned off on ebay.

Thanks for your information Kathy!

Did we? I thought you and Matt couldn't recall seeing Dusty in green. Whatever.
