I've seen a colour clip of the Springfields in 1963's It's All Over Town but does anyone know what is the earliest colour footage of Dusty as a solo artist?

Posted - 03/01/2009 : 20:07:32

That used to be on You Tube but sadly it was removed. Sorry I don't know the answer to your question.

the oldest existing colour clips of Dusty solo is on 'its a mod mod world' singing little by little in 66. the next one after that would be dating game in 67 then sullivan in 68.

Jonny, do you have the footage from It's a Mod, Mod World? Or are you just stating a fact? From memory, I think the Talk of the Town special was in colour too, Sept 68.

a friend has a copy of mod mod world show Carole but its not great quality. i didnt know about the talk of the town one, sounds really good. i have the dating game from 1967 in the USA, even though she only actually sings (prob miming) for about a minute. earliest officially existing colour one from the UK as a solo that i know of is on Tom Jones show march 69.

I think I also saw a very poor copy of Mod, Mod World but it's gone very hazy in my mind, maybe because it was so poor. Be great for that to turn up in good condition. The BBC not keeping the Talk show is almost as bad as not keeping Dustys TV series, maybe one day they will all turn up in a foreign land. The full Dating Game show does exist, not just the What's It Gonna Be part, not sure if you've seen that?

Thanks. It was deleted last time I looked. I see that it's just recently been uploaded again.

thanks Carole yes its unbelievable how the bbc & other companies wiped all those incredible performances. i think Dusty appeared on top of the pops about 30 times in the sixties yet none exist at all now. i would have loved to have seen her singing going back, am i the same girl (in the wig), try anything, count to ten etc etc. but as you say theres always the tiny chance some still reside in foreign archives.

yes i have the whole dating game show, Dusty looks great on it. with that mod mod world yes it would be incredible if a good copy turned up. at least we have all those great photos from that day to cherish at battersea fun fair where it was filmed.
