Does anyone happen to have seen footage of Dusty singing 'Someone Who Cares' and 'Haunted' on the Make Your Own Kinda Music show in August 1971? 😊

Sara, I have never seen the Dusty clips unfortunately.

If you're interested there's a region 1 copy dvd of the other show highlights (Carpenters only) for sale on the ioffer.com website.

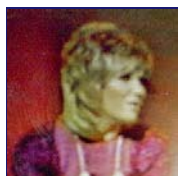

The site's a bit like ebay but they often sell stuff taped off the tv so quality is varied.

Thanks Clive, I'll check it out! 😊

I don't think I can play region 1, though if I ever found the whole show with Dusty on I might have to save up for a whole new DVD player 😊

Ooh, it looks really good! And it has Dusty on 😊 but probably not the songs.. And it's been viewed 295 times and there's only 1 copy 😊 Have you ever used the Site before and is it okay? Cos I've never heard of it 😊

I've never seen the clips either Sara, just the short clip of Dusty talking to Karen, which I guess came from the same dvd that Clive posted the link to.

I've never heard of 'loffer! I'll have to have a root around to see what's on offer.

Sara yes I have used the site a couple of times, I found it OK and safe in terms of giving payment details etc. and delivery was quick.

The picture and soundtrack was slightly out of synch on one of the DVDs I got, but as it was another old show taped of the TV I kind of expected it to be less than perfect.

I think its a useful site to get things that are impossible to get commercially on DVD, but just be aware that quality may not be great.
