Neat site I found, you can also join and leave coments, and maybe upload some of the missing images.

You can also click on the sleeves to enlarge them.

Speaking of 45's.....! Sent to me from my Brother in Pittsburgh, Pa. - He was digging through his Pretty Extensive Vinyl Collection & found this. Said he forgot he had it & was going to play it, but didn't want to risk scratching it & sent it to me...Said he didn't remember the Pet Shop Boys at all or this song --  , clarified by saying he bought this at a "used record store" because he Remembers (of Course) DUSTY & thought the cover was cool  -- Turns out he was right - Appears this was released in 1987 but DUSTY's Picture in the background was photographed by Val Wilmer (Ready, Steady, Go!) 1964. Thanks Bro....   -- Also curious about the Harley -- Yr. / model ??
