Dusty's Promotional Videos for IBA?

Question-

I know Dusty did promotional video clips (pre-MTV) for *It Begins Again*. there's a clip from the *Definitely Dusty* documentary that shows her singing "Sandra"- I'm assuming this is one.

I think I also recall reading that she also made one for "That's the Kind of Love I've Got For You"-

does anyone have it, or knows where it can be found? or can confirm its' existence? 😊

I might have one of these in my treasures -- we will have to make another evening of just scrounging through Dusty DVD clips I've received over the years. 😊

She actually did three. Sandra, That's The Kind of Love and I'd Rather Leave While I'm in Love. They did do the rounds in video format.

wow...those are probably my 3 favorite songs from the album, too... 🙌

hopefully you've got one, Bosseh!

you heard me carry on about "That's the Kind of Love I've Got For You". 😊

I'd love to see her perform it (well, lipsynch it...but you get the idea...lol)
