I'm not sure, but I am curious about why you are so curious about this.

I read in the past that she like menthol cigarettes and smoked Newport in the US.

Thinking about Dusty smoking always makes me sad - remembering how it changed her voice.

'I still like Daffy Duck. Can't think of anyone I like better. Actually that's who I'm having an affair with. Difficult but rewarding!

I'll admit I don't like to think about it either, and I'm glad there aren't many images of her smoking.

Very sad to think that this just possibly may have contributed to her illness. There are so many horrible things attributed to those damned things.

After reading "Dancing With Demons", I noticed that there was no mention of the cigs that she smoked. It mentioned other favorites but not this. Curiosity got the better of me!! Thank you Marty.
