They certainly 'go' for the main ones like IOWTBWY, SOAPM, WAH, LOL, WHIDTDT, YDHTSYLM and ICMEACTT.

Brian Matthew's 'SOTS' is the best one to hear lesser-known hits like 'Your hurtin' kinda love', 'I will come to you' etc, etc.

One song that really SHOULD be played more often is 'All I see is you'

SOTS is on way too early!:(
Yeah usually it's all the same ones, I wish IJDKWTDWM would get played more though, that one shoulda been a number 1.

Here we sometimes hear I Only Want To Be With You, Wishin and Hopin,

Look of Love, Son of a Preacher Man, and You Don't Have To Say You Love Me. On an extremely rare Blue Moon, we may here Stay Awhile.

I once wrote in to Terry Wogan's show on just this subject, the same songs got played when Dusty's catalogue was much, much bigger even if you just looked at the singles. Their answer was that listeners liked to hear the most popular tunes. I think they have got that wrong, people get bored with the same songs, do they think we are all numpties?! So when Terry was away and Johnny Walker was covering, I wrote saying that although Terry's show were sticking to the usual songs, would he go for something different. He read out my mail and played Breakfast in Bed. I doubt anyone complained. And I too would love to hear All I See Is You played more. That and I'm Coming Home Again and Yesterday When I Was Young.

Yep...Its a crying shame that most people have no idea of the amount of songs Dusty recorded...

Up to a point I can understand that album tracks are not played very much, but I can't figure why the singles they play is so limited.

I couldn't even find this one by Dusty on Youtube. So this is Barbara Acklins version.

Am I The Same Girl?(Soulful Strut)

I never seem to hear Give Me Time or Goin' Back on the radio, yet they're both lovely songs. Also, Something In Your Eyes would be brilliant to hear.

I wish the popular Springfields singles 'Say i won't be there', and 'Island of dreams' would be played on SOTS or anywhere!.....don't think i've ever heard them played on the Wireless.

The wireless?..THE WIRELESS?!...Oh what a wonderful phrase
Brian Matthew has played both SIWBT and IOD in the past...and he once played 'Little boat'
Janice Long on her midnight-3 show often plays Dusty - tending to go for more upbeat numbers like ITMON and LBL.
