Where am I going?

Hello All

3323 Posts

Ive been thinking about this for a while, and its a pretty mammoth task but I think the finished product would be amazing.

What do you all think about making a timeline in photos of Dusty's life? That is, putting together a timeline with a photo from every year of her life. I understand how difficult this could be, especially her childhood, her "lost" years and from say '97 onwards, but we could give it a go!

I dont know how we could put it together, maybe if you have a photo you'd like me to put in, you could e-mail it to me, and then once Ive collected all the photos I can, I'll post them all in order? Its gonna be alot of work but I'd love to do it.

So maybe I could work out what years Ive got missing, and put out some requests? Everyone seems to have hordes of photos lol!

After all, we would only need 59 photos 😞😞😞

If you all think this is a stupid idea - be brutal - tell me to can it lol!

Thanks!

Love

It's a lovely idea, Mads! 😊 You're giving me a hard time to chose, though. And, we'd have to be sure of the year when the pic was taken. Hmmmm... I'm going into my vaults!

Yeah Im finding it hard to date photos at the moment. So far I have around 15 photos that I know the dates of for sure.

If anyone has any photos that they are **sure of the dates - PLEASE post them!**

So far I have; 58, 64, 66, 68, 69, 74, 78, 79, 84, 85, 87, 89 and 97 so I dont need photos from these years.

13 down - 46 to go!

Mads, this is a fab idea and I hope you will agree that it can be put up on the website when we build it.

Carole G and Cas19 are good sources for dating things. Also the DSB.

And, it wouldn't hurt if you had more than one pic for some of the BIG years!!

Now, if this is an entry in the contest, be sure to mention the thread name on the contest thread for free publicity AND an official contest entry.

Well it's all right to go on and live your life, so come out into the light....

Great creative thinking Mads - and if anyone can tackle such a task it would be you. I've lost count of the number of rare pictures of Dusty you have unearthed over the last year..

The first few years might be a problem, maybe put in some stylish silhouettes until the blanks can be filled? Like an advent calander.

Okay so I think these would be great photos to have in the timeline but I dont know what year they were taken...could people please have a go at dating them? They're the more 'classic' Dusty photos.

Mads, just in case you don't already know, the date for the 'Getty' Image was 1 January 1985.

This is from 1970 Mads, same as the 'miserable' one, but much, much nicer.

Janie, are you talking about the one in blue leather? That's definitely 1989, it was from a Terry O'Neill photo session.

Mads, if you can collect pics that aren't stamped as being owned by others, we might get a bit more mileage out of them when we post them on the website. Just a thought. 😊

I've been caught out before Janie with the wrong dates on sites that seem like they should know what they're talking about. In 1985 she had the 'Hippodrome' look with the weird eye-makeup.

I know what you mean Carole - I quoted the date because it was the actual Getty Site that provided the information but there you go..
