Hope i am ok for mentioning this.....what year did Dusty get her nose "done"?

Do you prefer the old nose or the new nose?

It obviously was not a "Cilla Black" superjob but there was a bit of streamlining and the end was rounded more.

Yes she did change her nose, her choice and purely cosmetic. I thought her nose was just fine and fitted her face perfectly, she obviously didn't think that. I don't know the exact time it happened though.

I start counting

I noticed that she had it done and always wondered the same thing. I would say between '73-'78 sometime during 'lost years' but I know that is not exactly a narrow time frame.

I've just been looking at the photos, and is it just me or does it look like dusty has something on her nose here? From 1975.

In 1969 Dusty said she had a fall at her parents house and damaged her nose, she even appeared in some photo's with a plaster across it. She then went to convalesce in the Bahamas. I've often wondered if this was a cover up for a little cosmetic work.

Well that would sure explain what I thought was a strange incident.

But I agree with everyone, Dusty's nose was just great as it was, and fitted her face.

I don't think she was ever pleased with it, though--recall her marking on the photos for a later album how she didn't like her nose. (I think these photos were in DWD.)

Poor Dusty was SO self-critical when she was really cute and beautiful all in one package.

Matt.

It's probably just a little bit swollen from being hit with a cricket bat. 🤦
