Thankyou Jim, Just ordered mine, £17.48 + £5.55 converted.
Can't wait now. This is progress. Let's bombard RGR with Emails
to get the same for Longing. That's not wishful thinking is it?

When I made the initial posting, I should have mentioned that, unlike the CD issue, the orange vinyl limited edition has 12 tracks rather than 13. The missing track is *Nothing Is Forever*, which the CD described as a bonus track. The vinyl version restricts itself to the 12 tracks intended for the album that never was.

I am confused a vinyl of "Faithful"?. This album, as far as I know, was never released originally on vinyl, therefore this current release, will be for want of a better word, a vinyl/ remastered issue of the recent CD. When I see the word vinyl I assume that it is the original 60's/70's recording. I have 2 LPs AGCG and DIM which I know were purchased in the 60's. I can't play them as I don't have a turntable, so I'm uncertain as to their condition. Look forward to your comments.

Pat, the final sentence of my second posting was intended to convey that the Jeff Barry-produced album was not issued in 1971 as intended. Although various tracks have been included in CD compilations over the years from 1999 onwards, the CD *Faithful* in 2015 was the first time the tracks were issued as an album, albeit with a bonus track.

The orange vinyl limited edition will be the first time this 'lost' album will have been issued on vinyl.

Thanks Jim. If you have access to Sky Arts there is a programme about the recording of pop music. "Sound Breaking" Tuesday 9pm or Friday 10pm. May be worth a look.

When you typed that, did you imagine Dusty saying it at the end of "I Am Curious"? Cuz that's how I read it! 😊

Frans, thank you for adding so many of your records to the 45worlds site, I had never seen the back covers and labels for many of them.

Hey, you're welcome!

That site doesn't have my 45's, this one has: <http://www.45cat.com/> (<http://www.45cat.com/>)

Thanks Frans, I love the 45cat site and could spend hours looking at all the entries. You have certainly added some rare Dusty singles. Which was the hardest to find and are there any particular others you are still hoping to collect?

Some Japanese albums and 45's are hard to find. I still need these for my collection:

I hope you find them Frans. I'm not a vinyl collector myself , just CD.
That's why I appreciate the 45cat site so much.

Sorry that I have taken this thread off-topic. Back to Faithful on vinyl-I ican't help thinking it would have looked nicer on classic black vinyl rather than orange.
