Anyone remember this? I guess you could call it fan art as the guy who made it must definitely have been one. It was made out of mirrors, and was spotted in the window of a posh handbag shop near Covent Garden. It had a huge price tag on it. I've often wondered if someone did actually buy it.

I don't remember exactly, but I think it was over £2,000, maybe even well over. The artist was Andrew Logan and I believe the mirror portrait was a commission, possibly for the owner of the handbag shop.

Nicky took us to see that; I have some pics somewhere. The handbag shop has since closed.

I do recall they didn't seem thrilled that we were only there to take pics of the Dusty mirror.
